School Report.

In making our annual report of the schools in town for the past year, we are glad to say with two or three exceptions the schools have been very successful, more than an average we trust.

On the whole they have been free from unpleasantness and friction. It is well for there can never exist a thoroughly good school where discontent and discord prevails. We have used our best judgment in selecting teachers, but have not in every instance been satisfied with the results. Our greatest failures have been with those we hired who came to us well recommended by other School Boards.

There have been 303 weeks of school. Twenty different teachers have been employed during the year, only one teaching for the first time. Every district has had at least one term of school and conveyed to other districts when they choose to go, the remainder of the year.

We regret to say that during the past year, as in former years there has been an apparent lack of interest in some of the districts on the part of the parents. An hour or two each term cannot be more profitably spent than with your children in the schoolroom and then you would encourage both child and teacher. We find every term there are more or less children who leave school for some trifling cause and are often sustained by their parents. Would it not be better for the child if the parents would uphold the teacher and discourage the habit of fault finding rather than listen to the gossip of the child?

There are some children who do not fulfil the requirements of the law relating to school attendance. It does little or no good to talk with the parents, some other method should be tried.

Something of rare occurrence happened in district number one. Two terms of school without any fault found, as far as we know. Let us as parents strive to retain this record as far as possible in '94.

In closing we wish to express to the teachers our appreciation of the services they have rendered the district the past year.

Respectfully submitted,

ARAD J. WARREN,	}	School Board
